

SEE WHAT WE HAVE TO OFFER

An agricultural town built on golden grain and sheep farms. Corrigin was once widely known as 'A Town of Windmills' due to the abundant supply of underground water. These days the town remains a buzzing hub for grain production with businesses working to help maintain and service the farming community.

When you visit, we want to show you all the wonderful reasons we enjoy living out here in the Wheatbelt. Apart for the warm and welcoming community, we are lucky enough to begin and end the day with breathtaking sky displays and forever changing landscapes. The eateries have great coffee, wonderful treats to delight any sweet tooth and you can always be guaranteed of a hearty meal in the country!

A little further out, 5km west on the Brookton Highway, is the iconic Corrigin Dog Cemetery and across the road, the entrance to the Corrigin Wildflower Drive. There's a vast array of beautiful and unusual wildflowers, shrubs and trees throughout the year. There are hundreds of different plants, including Feather Flowers, Leschenaultias, Grevilleas, Mallees, Smoke Bushes and tall Eucalypts which give a fantastic range of colours. Spring flowering orchids include; Donkeys, Cowslips, Maritis, Blue Beard, Spiders, Shells, Snails and Greenhoods. Search for orchids and flowers in the topsoil, under leaf litter.
